Ease of cleaning and maintaining

- Easy cleaning thanks to dishwasher-safe parts
- Cutting-edge design with stainless steel finish

Set the beverages to suit your taste

- Save your favorite coffee settings
- Avoid heat loss and fit every cup with our adjustable spout
- Play with the coffee's richness with our adjustable grinders

 **Saeco**

Highlights

Stainless steel

The cutting-edge design of your Saeco espresso machine is rounded off by the stainless steel finish. The stainless steel provides a high quality look and will be a highlight on your kitchen counter tops. It also gives greater resistance for a long-lasting performance.

100% ceramic grinders

This espresso machine is equipped 100% ceramic grinders. Saeco uses ceramic grinders because of their consistent grind without overheating the coffee bean for an impeccable espresso. Ceramic also ensures long-lasting performance and a totally silent operation.

Quick heat boiler

The Saeco quick heat boiler technology ensures your machine is always ready. Now you won't have to wait between brewing each espresso, but can prepare coffee after coffee.

Classic milk frother

This Saeco espresso machine comes with the classic milk frother that baristas call a "Pannarello". It dispenses steam and is immersed in milk to prepare gorgeous milk foam. Unleash your inner barista by preparing your delicious milk specialties the traditional way!

Saves your coffee settings

You will always get a perfect cup of espresso brewed just for you, according to your

personal preference, thanks to our innovative memo function to adjust the coffee length, strength and temperature. Enjoy a superb coffee drink in your favorite cup with just the press of a button.

Adjustable spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Dishwasher-safe parts

For your convenience, you can put the Saeco's drip tray and milk frother or milk carafe in the dishwasher. This will save time and ensure a hygienic cleaning.

Specifications

Easy to use

- Cleaning and maintenance: Automatic coffee circuit rinse
- Usage: Adjustable coffee dispenser, Bypass for grinded coffee, Frontal access to all function, Rapid steam, Removable brewing group, Removable watertank

Weight and dimensions

- Product weight: 8.9 kg
- Product dimensions (L x D x H): 256 x 315 x 415 mm
- Waste container capacity: 8 servings
- Coffee bean capacity: 250 g
- Maximum cup height: 110 mm
- Water tank capacity: 1.2 L
