Drive with style

Better visual comfort while driving

Neutral white light with a color temperature up to 3.700K on the headlight. Blue Vision bulb is an excellent option for those who want style in the car. High performance and quality. Offers excellent visual comfort while driving.

Very high quality and ultra resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity

Original Equipment manufacturer

- Award winning car lamp manufacturer
- Philips is the choice of major car manufacturers
- Respecting high quality standards of the ECE homologation

The best blue Xenon effect for halogen lamps

- Highlight your car on the streets. Add a touch of style.
- Change both your headlamps simultaneously for more safety
- Better visibility and visual comfort while driving

PHILIPS

Highlights

More style to your car

Thanks to your white light of 4000K, your car will be highlighted on the streets, showing a stylish light

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks: if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Rewarded Car lamps

Our lamps are often rewarded by automotive experts

Car manufacturers' choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Change in pairs

Highly recommended to change them by pairs for symmetric light performance

ECE homologation

Philips automotive products and services are considered best-in-class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high quality products and tested to the highest specifications, our products are designed to maximize the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

Neutral white light of 3700 K

The light emitted by the lamps BlueVision stimulates the concentration of the driver, as it enables greater visual comfort while driving.

Specifications

Packaging Data

- EAN1: 8727900392999
- EAN3: 8727900393002
- Packaging type: B1

Product description

- Technology: Conventional
- Application: fog beam
- Range: BlueVision
- Type: PSX24W
- Homologation ECE
- Designation: HV-12276BV-BI
- Base: PG20/7
- Marking ECE: E4 2MK

Electrical characteristics

- Wattage: 24 W
- Voltage: 12 V

Marketing specifications

- Expected benefits: Style
- Product highlight: Drive with style

Light characteristics

- Color temperature: 3700 K

Ordering information

- Order entry: 12276NBVB1
- Ordering code: 39299930
