PHILIPS

4,300 K, bright white light
Type of lamp: HB3 12V, 65W, W5W position lamps included, Bluish light, Non-ECE homologated

9005CVSM

Highlights

4300K bright white light

With the blue coating and silver top design, CrystalVision is offering bright white headlight of 4300K to see and to be seen, for both city and country driving

High-end look car

Supplied with two colour matching w5w position lamps, CrystalVision gives your car lights the premium look of high end cars.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability to withstand increased pressure inside the lamp, UV-quartz glass is able to produce more powerful light. ^Application varies per bulb type

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit. ^Application varies per bulb type

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation,

making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offers all car specific functions : high beam, Low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights

Change by pairs

Highly recommended to change them by pairs for symmetric light performance

Car manufacturers' choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standards on modern automobiles. Today, one in two cars in Europe and one in three worldwide, is equipped with Philips lighting.

Specifications

Product description

- Application: Additional high beam, High beam, Low beam
- Base: P20d
- Designation: HB3 CrystalVision
- Homologation ECE: NO
- Marking ECE: N/A
- Range: CrystalVision
- Technology: Halogen
- Type: HB3

Lifetime

- Life time: 160 h

Light characteristics

- Color temperature: up to 4300 K
- Color temperature: up to 4300 K
- Lumens: 1400 ±15%

Electrical characteristics

- Wattage: 60 W
- Voltage: 12 V

Ordering information

- Ordering code: 24913530

Packaging Data

- Packaging type: SM
- EAN1: 8711500249135
- EAN3: 8711500789273

Packed product information

- Pack Quantity / MOQ: 20

Issue date 2024-08-12

Version: 10.10.1
