210

Fine particles  
CADR\*:10m3/hour

Toxic gases CADR\*: 10m3/hour

Airmid certified SelectFilter

Air quality indicator

GPSL21GPX1

## Enjoy always pure air in your car Efficiently removes fine particles and toxic gases

Philips certified SelectFilter filtration technology removes fine particles like PM2,5 with a Clean Air Delivery Rate (CADR) of 10m3/hour, and toxic gases with a CADR of 10m3/hour, to keep you and your family in good health.

### Powerful air filtration

- Filters fine particles with a CADR of 10m3/hour
- Neutralizes and eliminates TVOCs with a CADR of 10m3/hr
- Certified SelectFilter removes up to 90% airborne allergens
- Cleans your car air in just 13 min
- 3-step LED Indicators show air quality level clearly

### Simplicity

- Automatic operations and filtration control
- Filter replacement indication
- Perfect in-car integration with installation in cup-holder

# Highlights

## Air quality Indicator

Integrated air-particles sensor indicates current air quality: excellent (blue), fair (yellow), and poor (red), directly on the device.

## Airmid certified SelectFilter

Philips unique 3-stage SelectFilter technology is independently tested by Airmid Healthgroup for being able to remove up to 90% airborne allergens including dust mites, mold spores and pollens.

## Automatic filtration

Focus on driving, thanks to automatic operations and filtration control

## Clean air efficiency

Boost-mode filtration cleans air quickly at highest speed

## Easy installation

Including 4m 12V power cable and cup-holder installation accessory, for perfect in-car integration

## Filter replacement indication

Filter replacement indication when filter needs to be changed

## Particles filtration

Philips SelectFilter high efficiency particulate filtration removes fine particles found in car indoor environment with a Clean Air Delivery Rate (CADR) of 10m<sup>3</sup>/hour (50% of 0,3µm particles filtration; 3m<sup>3</sup> chamber). This includes cigarette smoke, pollens, dust, PM2.5 particles, and airborne virus or bacteria superior to 0,3 micron.

## Toxic gases elimination

Philips unique multi-stage SelectFilter technology includes HESA layer, which decontaminates the air inside your car from harmful gaseous chemicals through a powerful adsorption and oxidation process, with a Clean Air Delivery Rate of 10m<sup>3</sup>/hr. This includes removal of car exhaust fumes, chemicals emitted by plastic materials and finishes used in car interiors, as well as odor emitting substances e.g. volatile organic compounds (VOCs), toluene, formaldehyde.

# Specifications

## Product description

Air particle sensor  
Automatic On/Off  
Filter replacement indicator  
Fragrance dispenser: No  
Frequency: 50 Hz  
Speed settings: 3 speeds  
Power: 7 W  
Filter Lifetime: 350 hr  
Technology: Car air purifier  
Color: Black  
Designation: GP SlimLine 210  
App enabled: No  
Air quality indicator (AQI): No, Yes  
Noise level (dbA)(High): 50, 55  
Noise level (dbA)(Low): 30  
Placement: Cupholder, Dashboard  
Voltage [V]: 12

## Performance

Air cleaning efficiency: 9 min healthy air  
Filtration bacteria/virus: 0.7  
Filtration TVOC: CADR of 10 m<sup>3</sup>/hour  
Boost mode: No, Yes

## Replacement

Fragrance cartridge: No  
GoPure clean air system type: GPSL23GPX1, GPSA33GPX1  
Filter type: GSF80X80X1

## Weight and dimensions

Product dimensions (L x W x H): 176 x 106 x 51 mm  
Product weight: 425 g  
Box dimensions (LxWxH)(mm): 294 x 208 x 84  
Box weight (incl. product) (g): 1006

## Marketing specifications

Expected benefits: Pure air in your car  
Product highlight: SlimLine

## Accessories in the box

Mounting accessories: suction cup, Cupholder  
power cable length: 4 m

## Logistic data

Quantity in box: 1  
Reference (Order entry): GPSL21GPX1
