# Enjoy lasting brightness

### Brighter, elegant signals

For a stylish drive, upgrade to Philips Ultinon Pro6000 LED 38mm festoons for interior lighting. The strong 4000 K bright white light illuminates the inside of your car while being kind to your eyes.

#### **Superior visibility**

- Illuminate your car interior with bright LED bulbs
- Optimized for enhanced visibility

#### High-end, stylish signaling

• Upgrade your lights, upgrade your style

#### Performance made to last

• Enhanced lifetime of up to 5,000 hours

#### Simple plug-and-play replacement

 ${}^{\raisebox{3.5pt}{\text{\circle*{1.5}}}}$  Easy to install and compatible with most car models

### Highlights

#### **Powerful brightness**

Select our bright white Philips Ultinon
Pro6000 LED lamps for superior visibility and
style inside your car. Bright and stylish,
these lights will transform your driving
experience. Whether you're searching for a
dropped phone, your passengers want to
read, or you're trying to work out the best
route to your destination, you can now enjoy
bright interior light.

#### **Uniform light distribution**

Philips Ultinon Pro6000 LED interior lights provide a powerful daylight effect of up to 4000 K, illuminating your car's passenger compartment with bright, uniform, stylish light.

#### **Elegant LED light**

If you're looking to improve both the lighting and style of your vehicle's interior, opt for Philips Ultinon Pro6000 LED bulbs. Crisp white light will help you sort through your glove box, find the phone or wallet that slipped under the seat or search for something in the trunk. Besides helping you see better, it also looks pretty elegant.

#### Lifetime of up to 5,000 hours

You want bright, stylish car lights but you don't want to keep replacing failed lamps. That's a major weakness of conventional bulbs - the more powerful the light, the shorter its lifespan. Even at a higher light intensity, LEDs last much longer. Philips Ultinon Pro6000 LED lights are built to last. Due to features such as high-end LED technology and advanced heat-management systems, they last for up to 5,000 hours of operation.

#### Ready, steady, installed!

Enjoy the plug-and-play experience: with Philips Ultinon Pro6000, bulb replacement is quick and easy.
