# Highlights

## Focus light: 20 lm

The focus light will enable you to see what remains hidden for others; thanks to its ultra-slim design, the lamp can be manoeuvred into very small cavities and the strong LED source will illuminate all.

## Water and dust protected -IP54

The LED inspection lamp is water resistant and conforms to IP54.

## Strong impact resistance -IK07

Strong impact resistance -IK07

## Resistant to chemicals

As well as resisting knocks, the inspection lamp cases are resistant to water, chemicals and workshop solvents.

## High-quality LED light 130 lm

As the international market leader in car lighting, we have years of experience and know-how in light. Philips LED inspection lamps are equipped with high-quality LEDs. Our LEDs combine strong light performance with natural colour rendering for fatigue-free work.

## Defeat the darkness

Philips professional workshop lamps feature powerful LEDs for an intense white light and a bright wide beam to defeat the darkness. Designed to optimise clarity and vision, the 6000 K white light also improves visual comfort for fatigue-free working.
