# Highlights

## 6000K natural white LED light

Philips RCH10S produces a 6,000K natural white light that improves visual comfort and reduces eye strain for fatigue-free working.

## Bright dual-mode light

The main beam on the Philips RCH10S has two output levels. For everyday use and extended battery life, Eco mode provides you with a bright 100-lumen output. With Boost mode, you get an intense 200 lumen but shorter battery life. This flexibility allows you to choose the right light for the job at hand.

## Wide beam angle: up to 120°

The Philips RCH10S provides a versatile, wide 120° beam angle, perfect for lighting up the whole area in front of you.

## Built to last

When you're busy working, it's easy to drop and damage your equipment. That's why it's important the tools you use are built to last. The Philips RCH10S is water- and dust-resistant (IP54 rating). It's also IK07-rated to withstand impacts and drops from a height of up to 1.5 meters.

## Up to 6 hours' battery life

The Philips RCH10S cordless LED lamp is designed to be ready for action. Powered by a high-energy Li-ion battery, the Philips RCH10S is fully recharged within 3 hours, ensuring maximum usage of the LED light. Work for up to 6 hours in Eco mode or 3 hours in Boost mode. The one-turn opening cap makes it even easier to recharge your Philips RCH10S.

## Easy-to-use inspection lamp

Hands-free lighting helps you work more productively. Our Philips RCH10S comes with a powerful magnet on the bottom as well as a 360° rotatable hook, leaving both your hands free to get the job done.
