Enhanced durability and reliability

Reliable installation for long-lasting performance

Ensure smooth installation of two Philips LED driving lights, with automotive-grade cables and waterproof sealed components, for long-lasting LED light performance. Being PVC / BFR free**, this kit is gentler on the environment.

Optimal fit

- Easy to install
- For two LED lamps with position light function

Reliable Philips automotive quality

- Durable material for long-lasting performance

Highlights

Easy to install

When installing Philips LED auxiliary light* on your vehicle, you may need an additional wire harness to securely connect and control the extra LED driving lights. This Philips LED wiring kit makes it easy to connect your Philips LED driving light to your vehicle's electrical system, giving you complete control over your new lamp.

Two-lamp wiring-harness kit

Includes 2x 4-pin waterproof female DT connector plugs, 3m cables, on/off switch, function switch, 12V relay, fuses (10A, 15A, 20A, 25A).

Long-lasting performance

This Philips LED wiring kit uses durable automotive-grade cables with a waterproof sealed relay, switch and connectors. It has been tested in the toughest conditions so you can enjoy long-lasting performance.
