## Incredible performance from a road-legal bulb

### Let our lights take your driving to the next level

If you're passionate about driving, let the Philips RacingVision GT200 moto bulbs elevate your automotive experience. Up to 200% brighter light means better vision and faster reactions for a more exciting drive.

#### Fully road legal for an enjoyable drive

• Approved for use on public roads

#### The reassurance of Philips quality

• Philips is the choice of major car manufacturers

#### Up to 200% brighter lights to transform your drive

- See a step change in visibility and driving excitement
- Advanced quartz glass technology for precise light output
- Unique bulb coating techniques maximise light throughput

#### The best-performing beam in our portfolio

• A striking beam that projects light further

### **RacingVision GT200 moto**

Motorcycle headlights

## Highlights

#### **Our best-performing bulb**

The highest performer in our portfolio, Philips RacingVision GT200 moto delivers the superbright visibility of a rally bulb in a format you can use on public roads. Experience the razor-sharp clarity of up to 200% brighter light. The optimised bulb design provides higher luminance for a better view of the road ahead, giving you a safer, more exciting drive.

#### **Extend your beam**

With its ultra high-performance beam, Philips RacingVision GT200 moto lets you see more of the road ahead. Spot potential hazards sooner, react faster and position your car more accurately on the road. It all adds up to a safer, more satisfying driving experience.

#### **Brighter light for performance**

Philips RacingVision GT200 moto headlight bulbs are ECE homologated for the road. Performanceoriented drivers enjoy a bright, vibrant and street-legal bulb compliant with relevant regulations.

#### More light on the road

Unique patented gradient and screen-print coating techniques enable these bulbs to project more light onto the road, improving your

visibility in night-time driving conditions. In addition to maximised throughput, enjoy a stylish, distinctive light that's right on trend.

#### **Brightness where you need it**

Advanced production techniques for Philips Diamond Silk quartz glass ensure a sharp cutoff line and a brighter sweetspot, giving you more brightness where it counts. Also, quartz glass means greater resistance to thermal shocks to protect the bulb's lifespan, and enhanced UV absorption protects your headlight optics.

#### **Highest quality car lighting**

Technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. The Philips Original Equipment Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards. Philips RacingVision GT200 moto is compatible with motorcycle models of major brands.

### **Specifications**

#### **Marketing specifications**

Expected benefits: More light Product highlight: Up to 200% brighter light\*

#### **Product description**

Application: High beam, Low beam Base: P43t-38 Designation: H4 12342 RGT 12 V 60/55 W P43t-38 BW **ECE** certification Range: RacingVision GT200 Technology: Halogen Type: H4

#### Lifetime

Life time: 400h

#### **Light characteristics**

Lumens: 1,650 ±15% / 1,000 ±15% Color temperature: 3700 K

#### **Electrical characteristics**

Wattage: 60/55 W Rated voltage: 12 V

#### **Ordering information**

Order entry: 12342RGTBW Ordering code: 2381030

#### **Packaging Data**

Packing: Blister FAN1: 8719018023810 EAN3: 8719018023827 Packaging type: BW Quantity in box: 1

#### **Packed product information**

Gross weight per piece: 35,8 g Length: 9.5 cm Width: 4.8 cm Height: 12.9 cm Pack Quantity: 1 pc MOQ (for professionals): 10 pcs

#### **Outerpack information**

Length: 26.1 cm Width: 19.6 cm Height: 14.0 cm Gross weight per piece: 0,474 kg
