

Philips Rally Moto  
Headlight bulb

Type of lamp: HS1

Pack of: 1  
12 V,40/40 W  
Style

12661RAC1

## The powerful motorcycle headlamp for a safer ride

### Extra light on the road to see more

Philips Rally Moto bulb gives you the real bright light for a safer ride. Rally Moto offers up to 30% brighter low beam with higher power output especially designed by Philips. So you see further, react faster and ride safer in dim roads.

#### **A powerful light for a safer ride**

- See further and react faster with the strong beam

#### **Up to 30% brighter light on the road**

- Stronger beam with higher wattage output

#### **High quality and ultra resistant headlamp**

- Philips is the choice of major car manufacturers
- Philips moto lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity<sup>^</sup>
- Philips car lamps are highly UV resistant

## Headlight bulb

Type of lamp: HS1 Pack of: 1, 12 V, 40/40 W, Style

# Highlights

### Powerful bulb for safer ride

Illumination on the road is especially important in the dark environment with limited public road lights. With Philips Rally Moto bulb you can see much further and wider ahead, giving you additional reaction time. This helps you recognize obstacles and any potential dangers earlier than with any other motorcycle headlamp.

### Up to 30% brighter light ahead

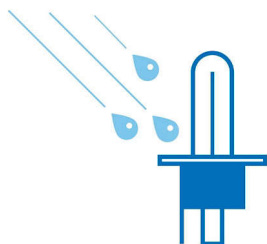

With the exceptional technical know-how of Philips, Rally Moto bulb is designed with higher wattage to give a stronger beam on the road while not affecting your headlamp unit. You can enjoy up to 30% brighter low beam on the road by taking Rally Moto from Philips.

### High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light.

### Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks : such

as, if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit. ^Application varies per bulb type

### UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass ideal for all driving conditions and ensures their longevity at the same time.

### Car manufacturers' choice\*

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

# Specifications

### Marketing specifications

- Expected benefits: Powerful bright light
- Product highlight: 30% brighter low beam

### Product description

- Application: High beam, Low beam, Additional high beam
- Base: PX43t
- Designation: HS1 Rally Moto
- Homologation ECE: NO
- Range: Rally Moto
- Technology: Halogen
- Type: 12661

### Light characteristics

- Color temperature: 3200 K K
- Lumens: 950 ± 15%/650 ± 15%

### Electrical characteristics

- Wattage: 40/40 W
- Voltage: 12 V

### Ordering information

- Order entry: 12661RAB1
- Ordering code: 37372160

### Packaging Data

- EAN1: 8727900373721
- EAN3: 8727900373745
- Packaging type: C1

### Packed product information

- Gross weight per piece: 33.2 g
- Length: 4.6 cm
- Width: 4.6 cm
- Height: 6.8 cm
- Net weight per piece: 21.2 g
- Pack Quantity / MOQ: 10

### Outerpack information

- Length: 48.5 cm
- Width: 23.8 cm
- Height: 15.8 cm
- Net weight per piece: 2.12 g
- Gross weight per piece: 3320 g
