LPL27SPAREX1

See better, work better

All-in-one lighting system for professionals

Robust and hands-free, this multidirectional module will provide you with optimal visibility without shadows.

Optimal visibility, no shadow

- Defeat the darkness with soft natural light
- Light output for one module: up to 250 lumens
- High-quality LED light up to 350 lumens

High resistance

- Strong impact resistance -IK07
- Water and dust protected -IP54
- Resistant to chemicals and workshop solvents

Hands-free lighting

- 300° rotating head and strong bottom magnet
- Heavy-duty clamping hook
- Fast Rechargeable, Energy saving LifePO4 battery technology

Never lose your lamp again

- Improved colour scheme for easy relocation

Highlights

Water and dust protected -IP54

The LED inspection lamp is water resistant and conforms to IP54.

Strong impact resistance -IK07

Strong impact resistance -IK07

Fast Rechargeable

Fast Rechargeable, Energy saving LifeP04 battery technology. Since the modules are fast charging, whenever one of the modules is charged and ready for the job, you can take it out directly.

300° rotating head and magnet

The 300° rotating head and strong bottom magnet will enable you to achieve a shadow-free workspace for optimum safety and efficiency.

Heavy-duty clamping hook

With its heavy-duty clamping hook, you will have the possibility of hanging this module on any surface, leaving both your hands free for the job.

Improved colour scheme

Thanks to its new colour scheme, the lamp has an improved visual signature and can be spotted more easily. Never lose your lamp again.

Resistant to chemicals

As well as resisting knocks, the inspection lamp cases are resistant to water, chemicals and workshop solvents.

Light output for one module

Every module of the MDLS solution will provide you with a light output of 120 (250) lumens in normal (boost) mode. In normal (boost) mode the light will last for up to 6 (3) hours.

High quality LED light

The high power is designed to deliver high-efficacy light with high flux density to enable tight beam control in directional and high-lumen applications.

Defeat the darkness

Philips professional workshop lamps feature powerful LEDs for an intense white light and a bright wide beam to defeat the darkness. Designed to optimise clarity and vision, the 6000 K white light also improves visual comfort for fatigue-free working.

Specifications

Ordering information

Order entry: LPL27SPAREX1

Ordering code: 39212833

Electrical characteristics

Battery capacity: 1800 mAh

Battery charging time: 2 hrs

Battery run time: Up to 6 hours

Battery type: Lithium

Plug type: EU

Power source: Rechargeable battery

Voltage: 100–240 V

Wattage: 3.7 W

Light characteristics

Colour temperature: 6000 K

LED lifetime: Up to 10,000 hrs

Light output: 250 lumen

Outer pack information

Gross weight per piece: 740 g

Height: 11.3 cm

Length: 18.6 cm

Width: 7.8 cm

Packaging Data

EAN1: 8727900392128

EAN3: 8727900392135

Packed product information

Diameter: 6.5 cm

Height: 8.7 cm

Pack Quantity / MOQ: 2

Weight with batteries: 220 g

Size: Standard

Product description

Hook: Heavy-duty clamping hook

Impact protection rating (IK): IK07

Ingress protection rating (IP): IP54

Magnet

Materials and finishing: Aluminium housing

Number of LEDs: 1

Operating Temperature: -20 to 60 °C

Orientable light: 300° rotating head

Resistant to: grease, oil, workshop solvents

Technology: LED

Range: MDLS, Professional
