Specifications

General specifications

- Net weight: Approx. 0.76 kg
- Product Dimension (LxWxH): 272x267x119 mm
- Color: Dark blue
- Massage type: Kneading, Hot compress
- Quantity of massage nodes: 4

Main parameters

- Working voltage: 3.7 V
- Temperature of heating: Approx. 42 °C
- Working power: 6 W

- Massage modes: 4
- Battery: 2500 mAh
- Charging current: 1 A
- Charging port: USB Type-C
- Charging voltage: 5 V

Country of origin

- Made in: China

Service

- Warranty period: 2 years

PPM3501DB/90

Highlights

Vent design

Innovative vent design for the neck part can effectively keep away from stuffiness and maintain airy and cool for neck.

Imitate manual acupressure

Equipped with 4 high-fitting kneading massage nodes, it fully covers the levator scapula and trapezius muscles without missing any fatigued area. Simulating real fingers to physically rotate and knead, and adjust the intensity in 2 strength levels, which can easily cope with the fatigue and soreness of the neck muscles.

Thermostatically hot compress

A constant temperature hot compress at 42C can effectively promote blood circulation, relax rigid muscles, and let the warmth reach the texture, for further enhancing the therapeutic effect of massage.

Ergonomic design

Designed according to ergonomics, it adapts to the natural shape of the neck, fits the neck curve, prevents crooked neck, and effectively reduces the compression of the cervical spine to protect the health of the neck.

Slow rebound memory sponge

The main body uses slow rebound memory foam, which has a soft touch and can provide good support, assist the vertical cervical spine and avoid bad habits such as tilting the head. It helps users release stress and relax their minds and bodies.

Magnetic tension adjustment

The tightness can be adjusted by the invisible magnetic buckles, which makes it fixed with one click and frees both our hands while massaging. There are 4 adjustable levels, which can meet the needs of different users and achieve more effective neck support.

Detachable design

The pillowcase of the massager Removable and washable, which is convenient for daily care. You can maintain the pillowcase clean and hygienic for the health protection of the skin.
