

Perfect electrical performance

Smooth function

Philips LED-CANbus HB3/HB4 is the ideal supplement for LED HB3/HB4 and HIR2-based headlights. Easily installed, it ensures perfect electrical fit with your car, eliminating possible issues with dashboard warning.

Perfect electrical performance

• Ensure performance for LED-HL [~HB3/HB4/HIR2]

Plug and play

· Easy installation

Waterproof connectors

· Optimal performance in all conditions

Highlights

Smooth function

Some car models have specific challenges for LED Upgrades. Unique Philips CANbus adaptors ensure smooth functioning for any electrical issues. They solve possible issues in regards to error messages on your dashboard or LED flickering.

Plug and play

Thanks to the advanced design, the CANbus adaptor is easily installed for good performance from day one.

Waterproof connectors

The automotive design of the CANbus adaptor takes into consideration the demanding conditions of everyday use in the engine compartment.
