

Philips LongLife EcoVision  
car headlight bulb

**Type of lamp: H19**

Pack of: 1  
12V, 60/55W  
More Durability

12644LLC1

## Drive with care

Longer lifetime, less replacement

Philips LongLife EcoVision headlight bulbs last much longer than standard lamps. This makes them the natural choice for drivers seeking to minimise maintenance on their vehicles.

### **Lasts significantly longer than a standard lamp**

- No replacement necessary for up to 1500 hours

### **The top-quality, ultra-durable car lamp**

- Philips car lamps are made of high-quality quartz-glass
- Change both headlight bulbs at once for greater safety.

### **Original Equipment Manufacturer quality**

- Philips is the choice of major car manufacturers

# Specifications

## Marketing specifications

- Expected benefits: Long lasting
- Product highlight: Longer lifetime

## Product description

- Application: High beam, Low beam
- Base: PU43t-3
- Designation: H19 LongLife EcoVision
- ECE certification
- Range: LongLife EcoVision
- Technology: Halogen
- Type: H19

## Lifetime

- Life time: 1500h

## Light characteristics

- Lumens: 1200/1750 +/-10%
- Colour temperature: N.A.

## Electrical characteristics

- Wattage: 60/55 W
- Voltage: 12 V

## Ordering information

- Order entry: 12644LLC1
- Ordering code: 35605230

## Packaging Data

- Packaging type: C1
- EAN1: 8727900356052
- EAN3: 8727900356069

## Packed product information

- Gross weight per piece: 29.7 g
- Length: 4.55 cm
- Width: 4.55 cm
- Height: 7.6 cm
- Net weight per piece: 23 g
- Pack Quantity: 1
- MOQ (for professionals): 10

## Outer pack information

- Length: 23.8 cm
- Width: 9.3 cm
- Height: 7.8 cm
- Gross weight per piece: 0.327 kg

# Highlights

## Lamps that last longer

It's the high-quality materials and robust filament design that let Philips LongLife EcoVision lamps last up to 1500 hours. That means less time replacing spent bulbs, minimising maintenance. Their durability makes Philips LongLife EcoVision lamps ideal for high-voltage cars, too.

## Top-quality car lighting

Technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. Philips Original Equipment Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards. LongLife EcoVision is compatible with car models from major brands, such as Audi, BMW, Ford, GM, Toyota and Volkswagen. See the product selector guide for more information.

## High-quality quartz-glass

UV quartz-glass is stronger than hard glass and highly resistant to temperature extremes, humidity and vibration, eliminating the risk of explosion. Philips quartz-glass lamps (filament 2650°C and glass 800°C) can withstand severe thermal shock. With higher pressure inside the lamp, UV quartz-glass is able to produce a more powerful light.

## Change headlight bulbs in pairs

There are good reasons to change headlight bulbs in pairs. The filament in older headlamps will break sooner. At the end of their life, lamps project less light, thereby reducing visibility. It's faster, easier and cheaper to change both headlamps rather than just one. Choosing Original Equipment bulbs reduces the chance of early failure thanks to their higher quality standards and raw materials.
