- 3 light output levels for the flexibility you need

140 lm spotlight

- 140 lm pointer for spot inspection

Long-life battery up to 20 hours

- Long-life battery up to 20 hours

Hands-free working

- 360° hook and strong magnet

Highlights

Ultra-slim, rotatable design

The Philips EcoPro61 has been designed with a 270° lighting module so you can easily direct the light beam and illuminate extremely narrow spaces. Its ultra-slim design (1.6m-wide head) eliminates blind spots deep inside your engine or machinery.

3 light output levels

Different jobs demand different amounts of light. With its three power modes, the Philips EcoPro61 Slim lets you adjust the light to your needs. Boost mode gives you a powerful 500-lumen light output, helping you to spot even the smallest of details. If the ambient light changes or if you just want to preserve the battery, switch to Eco mode from 50 to 250 lumen and use your lamp for up to 20 hours. What's more, the EcoPro61 Slim's 6,500 Kelvin temperature is gentle on your eyes, preventing fatigue.

140 lm pointer

Philips EcoPro61 Slim offers you a spotlight combined with a lamp delivering 140 lumen. You'll be able to see small details even in dark corners. The spotlight can be used in both positions: with the lamp folded and with the lighting module open.

360° hook and strong magnet

The 360° retractable, stainless-steel hook lets you hang this lamp anywhere you need. It also attaches easily to any metal surface, leaving both your hands free to work.

Long-life battery up to 20 hrs

Once fully charged, your Philips EcoPro61 Slim delivers 2.5 hours of continuous bright light from its main 500-lumen beam. The 50-lumen Eco mode lasts up to 20 hours. So with occasional use, the lamp can last days before requiring a recharge.

Specifications

Electrical characteristics

Battery run time: 2,2hr / 20hr (pointer)

Battery type: Li-ion battery

Plug type: Micro USB

Wattage: 3 W + 1 W torch

Light characteristics

Beam angle: 90°

Light intensity (boost): 630 lux at 0.5 m

Light intensity (Pointer): 3100 lux at 0.5 m

Color temperature: 6500 K

Light output: 300 lumens

Light output (pointer): 100 lumens
