- Collision detection and automatic emergency recording
- Fatigue index and driver alert

Crystal clear images in all driving conditions

- Vivid details with 1080p Full HD definition

Impartial evidence anytime

- Instant replay with proof stamped evidence

Designed and tested for automotive conditions

- Designed to work under tough driving conditions
- CCC/CE/FCC certified for safe installation and use

Highlights

Automatic recording

Automatic recording

As soon as you power on your vehicle, the driving recorder starts operating automatically.

Collision detection

Collision detection

In case of a collision, an emergency recording is automatically saved to secure the evidence and prevent overwriting.

Fatigue index

Fatigue index

The fatigue index shows the evolution of a driver's fatigue, and will indicate a visual and acoustic warning message when the driver should be taking a rest.

Full HD

Full HD

Capture vivid details with 1080p Full HD definition

Proof stamp

Instant replay to clarify responsibility on the spot, with proof stamped evidence, to support & speed up insurance claim process

Heat and vibration resistance

Philips automotive driving recorder is equipped with high quality components, to ensure resistance against vibrations and extreme temperature conditions.

CCC/CE/FCC certified

Philips Automotive Driving Recorder is compliant with international certifications and tested against electromagnetic interference like GPS or cell phone.

Product description

Designation: ADR610

Technology: Automotive Driving Recorder

Languages: English, Chinese, Japanese

Interface: Mini USB 2.0, HDMI, Speaker

Operating Temperature: 0 ~ 65 °C

Storage Temperature: -20 ~ 70 °C

File Format: .MOV, H.264 video compression

Fixed Lens: FOV 100° (Diagonal) wide angle

Internal Memory: 64Mb SPI Flash

Random Access Memory: 64Mx16bit (1Gbits)

DDR2 SDRAM

Recording Time: 200min @16GB in full HD

Display: 2" LCD

G-sensor

Auto exposure

Auto white balance

Improved night visibility: No

LCD Auto Off

Seamless loop recording

Automatic recording

Aperture Range: F/#2.0

Collision detection

Date and time stamp

Image Sensor: 3.1 Mega-pixels CMOS

Video resolution: Full

HD(1920x1080p) @30fps

Emergency file protection

Recording media (ext. Memory): Micro SD card (up to 32GB)

Packaging Data

EAN1: 6947939174027

EAN3: 6947939174034

Accessories included

Accessories: 12V cable, mounting bracket

Power cable length: 4 m

Power: 12 V car adapter

Weight and dimensions

Product dimensions (L x W x H): 72.8x 53.3x 31.34 mm

Product weight: 60 g

Box weight (incl. product): 280 g

Marketing specifications

Expected benefits: Your road safety guardian

Product highlight: with fatigue alert
