## Feel safe, ride safe

Up to 100% more vision

For maximum performance and safety, Philips X-tremeVision Moto bulbs are engineered with state-of-the-art technology to offer up to 100% more vision for riders who need to see farther.

### Up to 100% more vision on the road

- Up to 100% more vision on the road

### Optimized design for better performance

- Philips moto lamps are made of high-quality quartz glass
- Respecting high quality standards of the ECE homologation
- Philips is the choice of major motorbike manufacturers.

# Highlights

## Up to 100% more vision

Thanks to improved filament geometry and the use of unique gas compositions the X-tremeVision Moto headlamps project up to 100% more vision.

## High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. So Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a

more powerful light. And more powerful light means an enhanced driving experience, however dark the road in front of you.

## ECE homologation

Philips automotive products and services are considered best-in-class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high quality products and tested to the highest specifications, our products are designed to maximize the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

## Manufacturers' choice

For over 100 years, Philips lamps have been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard in modern vehicles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

# Specifications

## Packaging Data

**EAN1:** 8727900366174

**EAN3:** 4013790681768

**Packaging type:** BWL

## Marketing specifications

**Expected benefits:** Feel safe, Ride safe

**Product highlight:** Up to 100% more vision

## Product description

**Range:** X-tremeVision Moto

**Technology:** Halogen

**Application:** High beam, Low beam

**Type:** H4

**Base:** P43t-38

**Designation:** H4-12342XVM-BI

## Electrical characteristics

**Voltage:** 12 V

**Wattage:** 60/55 W

## Ordering information

**Ordering code:** 86333000

**Order entry:** 12342XVBW

## Packed product information

**Gross weight per piece:** 33.9 g

**Height:** 12.9 cm

**Length:** 9.5 cm

**Net weight per piece:** 21.5 g

**Width:** 4.86 cm

**MOQ (for professionals):** 10

**Pack Quantity:** 1

## Outerpack information

**Gross weight per piece:** 0.45 g

**Height:** 14.2 cm

**Length:** 25.5 cm

**Net weight per piece:** 215 g

**Width:** 14.2 cm
