

# PHILIPS

car headlight bulb

Standard

Type of lamp: HB4

Pack of: 1

12 V,51 W

P22d

923004617917

## Original Equipment Quality

### Original Equipment Quality

The Standard lamp is used by all manufacturers and you can find it in most brand new cars. Ensures efficiency, quality and excellent value for money.

#### Very high quality and ultra resistant car lamp

- Change both your headlamps simultaneously for more safety
- Philips is the choice of major car manufacturers

#### Original Equipment manufacturer

- Award winning car lamp manufacturer
- Respecting high quality standards of the ECE homologation
- Philips car lamps are highly resistant against humidity\*
- Philips car lamps are highly UV resistant
- Philips car lamps are made of high-quality quartz glass

# Highlights

## Car manufacturer choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

## Change by pairs

Highly recommended to change them by pairs for symmetric light performance

## ECE homologation

Philips automotive products and services are considered best-in-class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high quality products and tested to the highest

specifications, our products are designed to maximize the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

## Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

## Rewarded Car lamps

Our lamps are often rewarded by automotive experts

## UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass ideal for all driving conditions and ensures their longevity at the same time.

## High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

# Specifications

## Packaging Data

EAN1: 8711500246875

EAN3: 8711500246882

Packaging type: C1

## Product description

Technology: Halogen

Homologation ECE

Application: High beam, Low beam, fog beam

Base: P22d

Designation: HB4-9006PR-C1

Marking ECE: E1 22T

Range: Standard

Type: HB4

## Marketing specifications

Expected benefits: Long lasting

Product highlight: Original Equipment Quality

## Ordering information

Order entry: 9006PRC1

Ordering code: 24687560

## Outerpack information

Gross weight per piece: 3800 g

Height: 16.7 cm

Length: 47.8 cm

Net weight per piece: 2040 g

Width: 24.1 cm

## Packed product information

Gross weight per piece: 38 g

Height: 7.6 cm

Length: 4.55 cm

Net weight per piece: 20.4 g

Width: 4.55 cm

Pack Quantity / MOQ: 1

## Electrical characteristics

Voltage: 12 V

Wattage: 55 W
