# Highlights

## Particles filtration

Philips SelectFilter high efficiency particulate filtration removes fine particles found in car indoor environment with a Clean Air Delivery Rate (CADR) of 20m<sup>3</sup>/hour (50% of 0,3µm particles filtration; 3m<sup>3</sup> chamber). This includes cigarette smoke, pollens, dust, PM2.5 particles, and airborne virus or bacteria superior to 0,3 micron.

## Clean air efficiency

Boost-mode filtration cleans air quickly at highest speed

## Toxic gases elimination

Selective additives embedded in Philips SelectFilter, neutralize and eliminate toxic gaseous chemicals from the air through a powerful adsorption and oxidation process, with a Clean Air Delivery Rate of 20m<sup>3</sup>/hour (60 min; 1m<sup>3</sup> chamber). This includes car exhaust fumes, chemicals emitted by plastic materials and finishes used in car interiors, and odor emitting substances e.g. volatile organic compounds (VOCs), toluene, formaldehyde.

## Fragrance dispenser

GoPure refreshes your air with natural fragrance dispensing function

## Automatic switch on/off

Automatic switch on when you start your car, with 3 speeds to adjust filtration power

## Air quality Indicator

Integrated air-particles sensor indicates current air quality: excellent (blue), fair (yellow), and poor (red)

## Filter replacement indication

Filter replacement indication when filter needs to be changed

## Easy installation

Including 4m 12V power cable and mounting accessories for safe installation on dashboard, headrest, under seats and rear deck
