

# PHILIPS

Longer Lifetime

LongLife EcoVision

Type of lamp: H1

12 V, 55 W

Long lasting, less replacement

Ultra-resistant bulb

12258LLECOC1

## Drive with care

### Higher lifetime, less replacement

Tired of changing your headlight bulbs all the time? With higher lifetime of a car bulb, Philips LongLife EcoVision is the choice for drivers seeking to minimise maintenance on their vehicles.

#### **Very high quality and ultra-resistant car lamp**

- Comply with the high quality standards of ECE homologation
- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant to humidity
- Philips car lamps are highly UV resistant

#### **Lasts significantly longer than a standard lamp**

- Change both your headlamps at once for more safety
- Wide range of 12 V lamps to meet all functions
- Less waste thanks to fewer replacements
- High-quality filament design to minimise maintenance

#### **Original Equipment manufacturer**

- Award-winning car lamp manufacturer
- Complying with the high quality standards of ECE homologation
- Philips are the choice of major car manufacturers.

# Highlights

## Change in pairs

It is highly recommended to change them in pairs for symmetrical light performance

## Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offering includes all car specific functions: high beam, low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, licence plate lights, rear position/parking light, interior lights.

## ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

## High-quality quartz glass

UV-quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650°C and glass 800°C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

## Reduced maintenance

With Philips LongLife EcoVision, you need significantly fewer lamp replacements. This makes them the ideal lamp for high-voltage cars.

## Resistance to humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks: if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

## Award-winning car lamps

Our lamps are often rewarded by automotive experts

## UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensuring their longevity

## Reduce waste, drive greener

It is the right choice for drivers looking for an environmentally friendly lighting solution.

## Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

## ECE homologation

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in the aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximise the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements.

## Specifications

### Marketing specifications

Expected benefits: Long lasting  
Product highlight: Higher lifetime

### Product description

Application: High beam, Front fog light, Low beam  
Base: P14, 5s  
Designation: H1 LongLife EcoVision  
ECE certification  
Range: LongLife EcoVision  
Technology: Halogen  
Type: H1

### Lifetime

Life time: 1250 hrs

### Light characteristics

Lumens: 1550  $\pm$ 15% lm  
Color temperature: Up to 3100 K

### Electrical characteristics

Wattage: 55 W  
Voltage: 12 V

### Ordering information

Order entry: 12258LLECOC1  
Ordering code: 36187260

### Packaging Data

Packaging type: CP  
EAN1: 8727900361872  
EAN3: 8727900370683

### Packed product information

Width: 2.5 cm  
Height: 8.5 cm  
Net weight per piece: 7 g  
Gross weight per piece: 10.65 g  
Length: 2.5 cm  
Pack Quantity: 1  
MOQ (for professionals): 10

### Outer pack information

Length: 26.1 cm  
Width: 13.8 cm  
Height: 18.5 cm  
Gross weight per piece: 1.065 kg
