High-quality LED light

- High-quality LED light with up to 90 lumen
- Pointer light to spot details
- Work comfortably and fatigue-free

Robust work light

- Resistant to knocks and impacts

LUMRC120B1

Highlights

Bright white light

Equipped with 5 high-quality, durable LEDs, the Philips EcoPro10 provides a bright light output of 90 lumen, ideal for quick inspection and repair.

Pointer light to spot details

The pointer light shows you what remains hidden for others. Thanks to its ultra-slim design, the lamp fits easily into tight spaces, while the pointer's LED source provides a clear, bright view.

6000K natural white LED light

Philips EcoPro10 features powerful LEDs for an intense white light. Designed to optimise clarity and vision, its 6000 K white light also improves visual comfort for fatigue-free working.

Compact design

The Philips EcoPro10 has a sleek design which is super portable. Clip this small work light into your pocket to have bright light to hand at all times.

Built to last

The Philips EcoPro10 inspection lamp module is built to last, with IK07-rated resistance to knocks and impacts.
