PHILIPS

Find My Device

Xperion 6000

Smart, versatile design

ACCFIMDX1

Never lose a device again

A handy way to find misplaced devices

The Philips "Find My Device" accessory helps you easily find misplaced work lamps from the Xperion range. Simply use the remote control to trigger an audible buzzer and flashing light on the lost device up to 10m.

Smart, versatile design

- Combine "Find My Device" with Dock Station
- One remote control for multiple work lights
- Plug and play installation
- Easily retrieve multiple devices

Highlights

Retrieve your devices
Upgrade your work light with "Find My Device" functionality1 to easily retrieve your misplaced work lamps2. Using a remote control, connect to the device and trigger an audible buzzer and flashing light to locate your lamp in seconds.

Plug and play
Upgrade the Xperion 6000 Slim and Xperion 6000 Pillar with the "Find My Device" function by plug and play. Simply insert the chip into the slot provided in the lamp body and you're good to go.

One remote for multiple lamps
Your Philips "Find My Device" accessory can be connected with multiple work lights simultaneously and it will help you locate the right misplaced work light fast and easily.

Combine accessories
Designed with you in mind, the Philips Multi-Dock Station includes a dedicated space for the "Find My Device" accessory remote control. Another smart option is to carry your remote control on your keychain so it's to hand when you need it.
