## Stand out from the crowd

### Durable and vibrant LED signalling

For a stylish drive, upgrade to Philips Ultinon Pro3000 LED [~W21W] reverse signals. They are bright and look good so you can signal safely and stylishly.

#### **Bright LED lights**

- Signal your intent with brighter exterior lighting

#### **Simple plug-and-play replacement**

- Easy to install and compatible with many car models

#### **Good light distribution**

- Optimised for enhanced visibility

#### **Long-lasting performance**

- Durable, long-lasting LED lighting

## Highlights

### Bright and vibrant signals

Signalling the intended movement of your vehicle is vital to your safety. To avoid collisions, other people need to know what you're doing. And when poor weather reduces visibility, the need for bright and vibrant signalling becomes even greater. Philips Ultinon Pro3000 signalling lights provide you with a powerful daylight effect of up to 6000 K, better illuminating the area immediately behind your car. And the more you can see, the safer you'll be.

### Good light distribution

The Philips Ultinon Pro3000 LED exterior lighting range is designed for smarter light distribution to project exterior signalling light where you need it (whether that's reversing, stopping or

signalling). With wide-angle, uniform light, not only can you see more of the road, but other drivers can also see more of you.

### Ready, steady, installed!

Enjoy the plug-and-play experience: Philips Ultinon Pro3000 comes with standard caps so replacement is easy and quick.

### Long-lasting LED lighting

You want bright and stylish car lights, but you don't want to keep replacing failed lamps. That's a major weakness of conventional headlights - the more powerful the light, the shorter its lifespan. At the same light intensity, LEDs last much longer. Philips Ultinon Pro3000 LED lights are extremely durable with their lifetime of 3000 hours.

## Specifications

### Marketing specifications

**Expected benefits:** Style

**Product highlight:** Philips LED lamps

### Product description

**Application:** Signalling and interior

**Type:** LED-White [~W21W]

### Lifetime

**Life time:** 3000 hrs

### Light characteristics

**Lumens:** 190

**Color temperature:** 6000 K

### Electrical characteristics

**Wattage:** 1.75 W

**Voltage:** 12 V

### Ordering information

**Order entry:** 11065U30CWB2

**Ordering code:** 00684430

### Packaging Data

**EAN1:** 8719018006844

**EAN3:** 8719018006851

**Packaging type:** B2

### Packed product information

**Gross weight per piece:** 39.87 g

**Length:** 9.5 cm

**Width:** 1.5 cm

**Height:** 13.5 cm

**Net weight per piece:** 10 g

**Pack Quantity:** 2

**MOQ (for professionals):** 10

### Outerpack information

**Length:** 14.2 cm

**Width:** 12.1 cm

**Height:** 10.3 cm

**Gross weight per piece:** 0.49 kg
