- Range: VisionPlus
- Technology: Conventional
- Type: P21/5 W

Lifetime

- Life time: Up to 2000 h

Light characteristics

- Lumens: 475 lm

Electrical characteristics

- Wattage: 5, 21 W
- Voltage: 12 V

Ordering information

- Order entry: 12499VPB2
- Ordering code: 36316630

Packaging Data

- Packaging type: B2
- EAN1: 8727900363166
- EAN3: 8727900363159

Packed product information

- Height: 12.9 cm
- Net weight per piece: 10 g
- Pack Quantity: 2
- MOQ (for professionals): 20

Outer pack information

- Width: 13.5 cm
- Height: 13.1 cm

Highlights

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offering includes all car specific functions: high beam, low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, licence plate lights, rear position/parking light, interior lights.

ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

More powerful light output

Brake lighting is visible earlier thanks to a more powerful light output. The following vehicle's braking distance can be reduced by up to 3 metres at 60 mph (100 km/h).
