Headlight bulb
Type of lamp: D2S Pack of: 2, 85 V,35 W

Highlights

6700K Flash white upgrade

Philips Ultinon HID (FS) lamps are designed for drivers who want a stunning styling effect for their cars. The 6700K brilliant white light makes the car truly stunning compared to others.

Maximum safety with Xenon HID

Xenon HID (High Intensity Discharge) lamps offer twice as much light* for safer driving in all conditions. The intense white light produced by the Xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps. *compared to standard halogen bulbs

Car manufacturers' choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles - Philips is the inventor of Xenon HID technology. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and

vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability to withstand increased pressure inside the lamp, UV-quartz glass is able to produce more powerful lighting.

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks : such as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass ideal for all driving conditions and ensures their longevity at the same time.

Specifications

Marketing specifications

- Expected benefits: Style
- Product highlight: 6700K

Product description

- Application: High beam, Low beam
- Base: P32d-2
- Designation: D2S FS
- Homologation ECE: NO
- Range: Ultinon FS, Ultinon HID (FS)
- Technology: Xenon
- Type: D2S

Lifetime

- Life time: B3/Tc = 1000/1500

Light characteristics

- Color temperature: 6700 K
- Lumens [lm]: 2200 ±250

Electrical characteristics

- Wattage: 35 W
- Voltage: 85 V

Ordering information

- Order entry: 85122FSJ
- Ordering code: 37016430

Packaging Data

- Packaging type: X2
- EAN1: 8727900370164
- EAN3: 8727900370171

Packed product information

- Gross weight per piece: 115 g
- Length: 12.5 cm
- Width: 16 cm
- Height: 7 cm
- Net weight per piece: 20.64 g
- Pack Quantity / MOQ: 10

Outerpack information

- Length: 35 cm
- Width: 17.5 cm
- Height: 14 cm
- Gross weight per piece: 1.15 kg

Issue date 2023-12-29

Version: 6.1.1
