- Small and handy pocket lamp perfect for everyday use
- Strong magnet on the pivoting base for hands-free use

Bright work light
- Bright gentle light (220 lumen / 2 W) suitable for daily use

Highlights

Bright comfortable light

Whether you're in your garage, completing some DIY or trying to fix an appliance, it' always handy to have a small lamp tucked in your pocket. Delivering 220 lumen (2 W) comfortable white light (6500 K), the Philips EcoPro20 lights up what you're working on, so you can see all the detail you need to get the job done quickly.

Useful USB charging port

Philips EcoPro20 can be also used as a power bank to charge other devices, such as your phone. Simply plug your device into the USB port on the base of the lamp and it will begin charging.

3.5 hours of battery life

Once fully charged, your Philips EcoPro20 delivers bright white light for up to 3.5 hours of constant use. So with occasional use the lamp could last days before you need to charge the battery.

Small and handy pocket lamp

Small and light, the Philips EcoPro20 easily fits into your pocket. Wherever you're working and whatever you're working on, this handy light will help you get the job done.

Direct light where you need it

Need light from a different angle when you're working? No problem. Philips EcoPro20 comes with a 180° pivoting base, so you can easily direct the light exactly where you need it most.

360° hook for hands-free use

When you need both hands free to work, simply hook the EcoPro20 nearby with its in-built 360° retractable rotating hook.

Strong magnet for hands-free

For hands-free use, there is also a strong magnet built into the pivoting base. This is particularly handy if you work with metal surfaces nearby, such as when fixing an engine or maintaining machinery. Simply stick the magnet to metal, and then use the pivoting base to direct the light just where you need it.

Shock resistant

Even the most careful person occasionally drops things. That's why the Philips EcoPro20 is designed with a robust housing, meaning it will survive the occasional drop to the floor.

Marketing specifications

Expected benefits: See better, Work better
Product highlight: Rechargeable work lamp

Product description

Hook: 360 degrees retractable hook
Impact protection rating (IK): IK07
Ingress protection rating (IP): IP20
Magnet
Materials and finishing: ABS with rubber coating
Number of LEDs: 4
Operating Temperature: 0°C to 40°C
Orientable light: 180° pivoting base
Range: RCH, EcoPro
Resistant to: grease, oil, workshop solvents
Technology: LED
UV leak detector: No

Light characteristics

Colour temperature: 6500 K
Light intensity (boost): 420 lux at 0.5 m
LED lifetime: Up to 30,000 hours
Beam angle: 90°
Light output: 220 lumens

Electrical characteristics

Wattage: 2 W
Voltage: 3.7 V
Battery capacity: 1800 mAh
Battery run time (boost): Up to 3.5 hours
Battery type: Li-ion battery
Plug type: Micro USB
Charging cable type: Rechargeable
Battery charging time: around 3 hours
Power Source: Li-ion battery 103450

Ordering information

Order entry: RC320B1
Ordering code: 05055745

Packaging Data

EAN1: 8719018050557
EAN3: 8719018050564

Packed product information

Length: 24.8 cm
Width: 18.8 cm
Height: 5.2 cm
Pack Quantity / MOQ: 1
Weight with batteries: 385 g
Size: Standard
Cable length: 100 cm

Outer pack information

Length: 33 cm
Width: 20.5 cm
Height: 27 cm
Gross weight per piece: 3.103 g
