- Product highlight: Feel safe, Ride safe

Product description

- Application: High beam, Low beam
- Base: PX26d
- Designation: 12972MVB1
- Range: MotoVision
- Technology: Halogen
- Type: H7

Electrical characteristics

- Wattage: 55 W
- Voltage: 12 V

Ordering information

- Order entry: 12972MVB1
- Ordering code: 37540430

Packaging Data

- EAN1: 8727900375404
- EAN3: 8727900375411
- Packaging type: B1

Packed product information

- Gross weight per piece: 24.2 g
- Length: 9.5 cm
- Width: 3.5 cm
- Height: 12.9 cm
- Net weight per piece: 11.8 g
- Pack Quantity: 1
- MOQ (for professionals): 10

Outerpack information

- Length: 19 cm
- Width: 19 cm
- Height: 13 cm
- Net weight per piece: 118 g
- Gross weight per piece: 0.35 g

12972MVB1

Highlights

Stand out in traffic

Philips MotoVision creates a distinctive orange reflection in the headlight that helps motorcycles and scooters stand out from other road traffic. Riders can be seen clearly by other drivers with the noticeable orange glow in their headlight lens and see further down the road.

Advanced technology

The technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. The Philips Automotive Grade Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards. Major car manufacturers choose Philips lamps, because when you buy Philips, you buy quality. You get powerful bright light, and precise beam performance. You get high-end style.

Ready, steady, installed!

Designed to be easily installed, drivers with maintenance experience will be able to upgrade compatible lights with ease.

Excellent Light Distribution

The bright output and intense color adds more than just style. They provide superior light distribution on the road so you can see and be seen better.

Maximum safety

Philips MotoVision headlight bulbs are designed with state-of-the-art technology to resist vibrations of up to 10G (gravitational force).

Reliable bright light

MotoVision is a great option for off-road by offering great vibration resistance on the road, and for off-road terrain. It is compatible with ATV's, snowmobiles and other powersports.
