Order entry: RC420B1

Ordering code: 05057145

Electrical characteristics

Battery capacity: 2200 mAh

Battery run time (boost): Up to 3 hours

Voltage: 3.7 V

Battery run time (eco): Up to 8 hours (pointer)

Battery type: Li-ion battery

Charging cable type: Rechargeable

Plug type: Micro USB

Battery charging time: around 4 hours

Power Source: Li-ion 18650

Wattage: 3W + 1W torch

Light characteristics

Color temperature: 6500 K

Light intensity (boost): 630 lux at 0.5m

Light intensity (eco): 3100 lux at 0.5m

LED lifetime: Up to 30000 hours

Beam angle: 90°

Light output (eco): 100 lumens

Light output: 300 lumens

Beam angle (pointer): 15°

Outerpack information

Gross weight per piece: 4.516 g

Height: 38 cm

Length: 33 cm

Width: 20.5 cm

Packaging Data

EAN1: 8719018050571

EAN3: 8719018050700

Packed product information

Height: 5.2 cm

Length: 36 cm

Pack Quantity / MOQ: 1

Weight with batteries: 615 g

Width: 18.8 cm

Size: Standard

Cable length: 100 cm

Product description

Hook: 360 degrees retractable hook

Impact protection rating (IK): IK07

Ingress protection rating (IP): IP20

Magnet

Materials & finishing: ABS with rubber coating

Orientable light: 180° pivoting base

Resistant to: grease, oil, workshop solvents

Technology: LED

Range: RCH, EcoPro

UV leak detector: No

Operating Temperature: 0°C to 40°C

Number of LEDs: 6

Marketing specifications

Product highlight: Rechargeable work lamp

Expected benefits: See better, Work better

Highlights

Powerful light while you work

Whether you're in your garage, completing some DIY, or trying to fix an appliance, it's always handy to have a small lamp around you. Philips EcoPro40 delivers a main powerful light beam of 300 lumen (3W) to help you to see the details you need to get the task complete.

Handy spotlight

Philips EcoPro40 also comes fitted with a handy spotlight to illuminate those hard-to-see areas. This strong spotlight on the top the lamp delivers 100 lumen (1W), so you can see small details even in those dark corners.

Hands-free lamp with 3 magnets

More often than not, you need both hands when you're working on a task. Philips EcoPro40 comes with 3 in-built magnets so you can easily mount the lamp on any nearby metal surface, such as under a sink, or the bonnet of a car.

Two hooks for hands-free use

When you need both hands free to work, simply hook the EcoPro40 nearby with its two in-built 360° retractable hooks.

Up to 8 hours of battery life

Once fully charged, your Philips EcoPro40 delivers bright white light from its main beam for up to 3 hours. If you use the spotlight, the battery will last up to 8 hours of continuous use. So with occasional use the lamp can last days before requiring a recharge.

Shock resistant

Even the most careful person occasionally drops things. That's why the Philips EcoPro40 is designed with a robust housing, meaning it will survive the occasional drop to the floor.
