

## Longer Lifetime

## LongLife EcoVision

Type of lamp: H18

12 V, 65 W

Long lasting, less replacement

Ultra-resistant bulb

12643LLC1

# Drive with care

# Longer lifetime, less replacement

Philips LongLife EcoVision headlight bulbs last much longer than standard lamps. This makes them the natural choice for drivers seeking to minimise maintenance on their vehicles.

### Lasts significantly longer than a standard lamp

• No replacement necessary for up to 1100 hours

### The top-quality, ultra-durable car lamp

- Philips car lamps are made of high-quality quartz-glass
- Change both headlight bulbs at once for greater safety.

### **Original Equipment Manufacturer quality**

• Philips is the choice of major car manufacturers

# Highlights

#### **Lamps that last longer**

It's the high-quality materials and robust filament design that let Philips LongLife EcoVision lamps last up to 1100 hours. That means less time replacing spent bulbs, minimising maintenance. Their durability makes Philips LongLife EcoVision lamps ideal for high-voltage cars, too.

### **Top-quality car lighting**

Technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. Philips Original Equipment Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards. LongLife EcoVision is compatible with car models from major brands, such as Audi, BMW, Ford, GM, Toyota and Volkswagen. See the product selector guide for more information.

### **High-quality quartz-glass**

UV quartz-glass is stronger than hard glass and highly resistant to temperature extremes, humidity and vibration, eliminating the risk of explosion. Philips quartz-glass lamps (filament 2650°C and glass 800°C) can withstand severe thermal shock. With higher pressure inside the lamp, UV quartz-glass is able to produce a more powerful light.

### Change headlight bulbs in pairs

There are good reasons to change headlight bulbs in pairs. The filament in older headlamps will break sooner. At the end of their life, lamps project less light, thereby reducing visibility. It's faster, easier and cheaper to change both headlamps rather than just one. Choosing Original Equipment bulbs reduces the chance of early failure thanks to their higher quality standards and raw materials.

# Specifications

### **Marketing specifications**

Expected benefits: Long lasting Product highlight: Longer lifetime

### **Product description**

Application: High beam, Low beam

Base: PY26d-1

**Designation:** H18 LongLife EcoVision

**ECE** certification

Range: LongLife EcoVision Technology: Halogen

Type: H18

#### Lifetime

Life time: 1100 h

### **Light characteristics**

Lumens: 1700 +/-8% Color temperature: N.A.

### **Electrical characteristics**

Wattage: 65 W Voltage: 12 V

### Ordering information

Order entry: 12643LLC1 Ordering code: 35603830

### **Packaging Data**

Packaging type: C1 EAN1: 8727900356038 EAN3: 8727900356045

### **Packed product information**

Gross weight per piece: 15.34 g

Length: 3.5 cm Width: 3.5 cm Height: 6.5 cm

Net weight per piece: 11 g

Pack Quantity: 1

MOQ (for professionals): 10

### **Outerpack information**

Length: 18.5 cm Width: 7.5 cm Height: 7 cm

Gross weight per piece: 0.192 kg
