- Philips is the choice of major car manufacturers
- Philips car lamps are highly UV resistant
- Philips car lamps are highly resistant against humidity^{*}

PHILIPS

Highlights

High quality replacement light

Philips Essential Moto headlights provides the optimal light performance for your everyday use.

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks : such

as, if a drop of cold water touches the hot bulb, when you drive through water with a broken headlight unit.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, eliminating the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability to withhold increased pressure inside the lamp, UV-quartz glass is able to produce more powerful lighting. ^Application varies per bulb type.

Specifications

Marketing specifications

- Expected benefits: High quality light
- Product highlight: UV-blocking quartz

Product description

- Application: High beam, Low beam, Additional high beam
- Base: P15d-25-1
- Designation: M5 Essential Moto
- Homologation ECE: NO
- Marking ECE: N/A
- Range: Essential Moto
- Technology: Halogen
- Type: M5

Lifetime

- Life time: 150h

Light characteristics

- Lumens: 400.0 ± 15% lm

Electrical characteristics

- Wattage: 18/18 W
- Voltage: 12 V

Ordering information

- Order entry: 12166ESC1
- Ordering code: 53385960

Packaging Data

- Packaging type: C1
- EAN1: 8727900533859
- EAN3: 8727900533873

Packed product information

- Gross weight per piece: 18 g
- Length: 2.7 cm
- Width: 2.6 cm
- Height: 6.5 cm
- Net weight per piece: 9.34 g
- Pack Quantity / MOQ: 100

Outerpack information

- Length: 30 cm
- Width: 15.5 cm
- Height: 15 cm
- Net weight per piece: 934 g
- Gross weight per piece: 1800 g

Issue date 2024-02-16
