Drive with maximum safety and style LED warning canceller

Some vehicles equipped with a CANBus controller system may cause flashing and dash errors if you install LED bulbs. Use the Philips CEA5W warning canceller to remove these error signals.

LED warning canceller

In some vehicles that are equipped with a CANbus control system, the installation of LED bulbs may cause error signals on the

dashboard. By using Philips LED warning cancellers, you will avoid those error signals caused by the failure diagnostic of the CANbus system.

Specifications
