

PHILIPS

Essential high-performance air purifier

GoPure 5212

CADR for PM2.5: 16m³/hour

CADR for TVOC 11m³/hour

CADR NO₂/SO₂: 13 and
7.9m³/hour

formaldehyde 6m³/hour

GP529BLKX1

Enjoy healthy air cleaned from 100 pollutants

Hassle-free automatic filtration

The GoPure 5212 filtration technology removes up to 100 pollutants including allergens, bacteria, viruses and exhaust gases. Equipped with SelectFilter Plus, an independently certified filter removes 90% of airborne pollen allergens.

Powerful and effective air filtration

- Quickly remove toxic gases like exhaust fumes from your car
- Filters harmful PM2.5 fine particles in less than 10 min.
- Airmid certified filter removes 90% of airborne allergens
- Removes harmful NO₂/SO₂ fumes coming from traffic
- Remove ultrafine particles, bacteria and viruses

Stylish design, simple to install and easy to use

- Air filter replacement indicator
- Device works automatically so you can focus on driving
- Easy to install anywhere in your vehicle

Highlights

Filters fine PM2.5 particles

Philips unique SelectFilter Plus filtration technology, quickly and effectively removes particles detected in the car cabin, such as PM2.5. With a Clean Air Delivery Rate (CADR) of 16 m³/hour for PM2.5, 50% of a standard sedan or SUV is filtered in less than 10 minutes. Not only does it remove harmful particles, but also cigarette smoke and dust so you breathe fresh and clean air.

Independently certified filter

Independently tested by the respected biomedical research organization, Airmid Healthgroup, the Philips unique SelectFilter Plus technology removes up to 90% of airborne pollen allergens. The Airmid tests prove this filtration is achieved in just one single pass of air through our SelectFilter (known as the single pass efficiency test). With these irritating particles removed, anyone suffering from hay fever can now enjoy clean air.

Eliminate toxic gases quickly

Philips unique SelectFilter Plus technology includes a HESA layer. This decontaminates your car of harmful gaseous chemicals. Through a powerful absorption and oxidation process, it removes harmful gaseous substances at a Clean Air Delivery Rate of 11 m³ per hour. So in just a few minutes it cleans the air of car exhaust fumes, chemicals emitted by plastic materials and other odor emitting substances e.g. volatile organic compounds (VOCs), toluene and formaldehyde.

Remove bacteria and viruses

Independently tested by the respected biomedical research organisation, Airmid Healthgroup, the Philips unique SelectFilter Plus technology removes harmful microbes (such as viruses and bacteria) and ultrafine particles as small as 0.015 μm.

Removes car exhaust

Who wants their family to breathe exhaust gases from heavy traffic? The car fan creates an air flow from the outside in and blows toxic gases from

traffic of cars and lorries into the car cabin. These fumes are then staying trapped inside the car. Children sitting in the backseat of vehicles are likely to be exposed to dangerous levels of air pollution that are much higher inside the car than outside. Philips SelectFilter Plus technology treats nitrogen dioxide (NO₂) at a CADR of 13 m³ per hour and sulfur dioxide (SO₂) at 7.9 m³ per hour, so you and your family can breathe with confidence.

Filter replacement indicator

The filter replacement Indicator will switch on when your filter is saturated, so you know that it's time for a new one. After receiving the new filter, it only takes a few seconds to replace it in the device. So keeping the air you breathe fresh and clean has never been easier.

Device works automatically

To ensure you focus on driving, the GoPure 5212 turns on and off automatically with your car engine ignition. The 2-speed fan filtration adjusted by touching power button depending on your preference. You can just jump in your car, knowing it will always be an oasis of fresh and clean air.

Simple and easy to install

With a 4-meter 12V power cable, you can easily install the GoPure anywhere inside your vehicle. Plug the cable into the cigarette lighter port, and then use the mounting accessories to position the device where you prefer, such as the armrest, headrest or under the seats. Wherever you choose to position it, the stylish design will enhance your car's interior.

Essential high-performance air purifier

GP529BLKX1

Specifications

Marketing specifications

Expected benefits: Healthy air in your car

Product highlight: Filtered from 100 pollutants

Product description

App enabled: No

Automatic On/Off

Color: Black

Designation: GP5212

Filter Lifetime: 350hr hour(s)

Filter replacement indicator

Fragrance dispenser: No

Frequency: N/A

Noise level (dbA)(Boost/high): 55 dBA

Noise level (dbA)(Low): 40 dBA

Noise level (dbA)(Medium): 50 dBA

Power [W]: 3

Speed settings: 2, Boost/Silent

Technology: Car air purifier

Voltage [V]: 12V DC

Performance

Filtration TVOC: CADR of 11m3/hour

Filtration Toluene: CADR of 11m3/hour

Filtration Formaldehyde: CADR of 6m3/hour

Filtration Car exhaust SO₂/NO₂: CADR of 7.9 and 13 m3/hour

Filtration of fine particles: CADR of 16 m3/hour

Ordering information

Order entry: GP529BLKX1

Ordering code: 00932633

Logistic data

Quantity in box: 1

Replacement

GoPure clean air system type: SelectFilter Plus

Filter type: GSF120P110x1

Accessories in the box

Mounting accessories: Attachment belt, Hook fastener (X2)

power cable length: 4 m

Weight and dimensions

Box weight (incl. product) (g): 900

Box dimensions (LxWxH)(mm): 226 x 188 x 77

Product weight (g): 600

Product dimensions (LxWxH)(mm): 180 x 180 x 68 m

Packaging Data

EAN1: 8719018009326

EAN3: 8719018009333

* *1 Tested particle at 3rd party lab on SelectFilter Plus according to standard GB/T6165:2008, the 1-pass removal efficiency is 81% at 0.0146µm.
* *2 Actual performance can be influenced by the environment it is used in; the filter does not guarantee 100% removal of particles and microbes.
* *3 An air purifier by itself does not protect against Covid-19, but can be part of a plan to protect yourself and your family (CHEARI, China Home Electronics Appliances Research Institute).
* *4 Tested in 3rd party lab on Staphylococcus aureus bacteria and Phi-X174 virus removal rate according to GB21551.3-2010 and T/CAS 408-2020 standard in 3m3 chamber, tested GoPure car air purifiers fitting with SelectFilter Plus.
