Highlights

Highest quality car lighting

Technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. The Philips Original Equipment Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards.

Ultra-white gradient glass

The cool white light improves contrast at night and enhances your driving comfort by reducing eye fatigue.

Up to 4000 K color temperature

Headlights that enhance the style of your vehicle while offering improved performance compared to standard bulbs.
