30% more vision than a standard lamp

- Philips moto lamps are made of high-quality quartz glass

State-of-the-art technology

- Philips is the choice of major motorbike manufacturers.
- Respecting high quality standards of the ECE homologation

Highlights

Best value

The Philips Vision Moto lamps are the best choice for drivers looking for economical lamp solutions and not willing to compromise on security. The motorcycle bulbs offer 30% more vision on the road than a standard lamp.

ECE homologation

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements.

Greater light-beam projection

Offering 30% more vision on the road, Philips VisionMoto headlamps are the perfect choice for motorcycle riders seeking for light

performance and safety. With better light output, riders can react faster to obstacles and avoid accidents.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light.

Manufacturers' choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Specifications

Packaging Data

Packaging type: Blister
EAN1: 8727900530353
EAN3: 8727900530360

Light characteristics

Color temperature: Up to 3200 K

Marketing specifications

Expected benefits: More light
Product highlight: Up to 30% more vision

Product description

Designation: HS1 Vision Moto
Range: Vision Moto
Technology: Halogen
Base: PX43t
Application: High beam, Low beam
Type: HS1

Electrical characteristics

Voltage: 12 V
Wattage: 35/35 W

Ordering information

Ordering code: 53035330
Order entry: 12636BW

Packed product information

Gross weight per piece: 49.7 g
Height: 12.900 cm
Length: 9.500 cm
Net weight per piece: 25.5 g
Pack Quantity / MOQ: 10
Width: 4.860 cm

Outerpack information

Gross weight per piece: 497 g
Height: 13 cm
Length: 25.500 cm
Width: 19 cm
