

Reassuring protection from bacteria and viruses

Captures the tiny particles other filters miss

Sanifilter Plus is an advanced filter for the GoPure 5611 car air purifier. Fitted with an antimicrobial layer, it effectively captures 99% of ultra fine particles floating in the air in your car, including viruses and bacteria.

Inhibits the growth of harmful microorganisms

• Inhibits the growth of harmful microorganisms

Captures and destroys viruses and bacteria

• Filter captures > 99% of particles as small as 0.004um*

Highlights

Stops growth of microorganisms

SaniFilter Plus contains a special antimicrobial layer that inhibits the growth of microorganisms and other airborne contaminants. This stops microbes recirculating through the air you breathe, reducing the likelihood of any bacteria or viruses spreading.

Captures tiny particles

The SaniFilter Plus captures an astonishing 99% of ultra fine particles floating in the air inside your car as small as 0.004um, 100X smaller than bacteria. Effectively captures microbes from the air passing through the filter.

Specifications

Marketing specifications

Expected benefits: Healthy air in your car Product highlight: SaniFilter Plus 100

Product description

Color: White

Designation: SNF100

Filter Lifetime: Recommended 12 months

Filter technology: HEPA
Filter type: Replacement filter
Technology: Replacement filter
