Complete digital connectivity made simple.

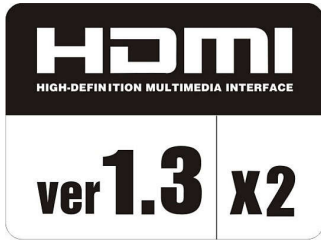

- Seamless connectivity with 2 HDMI inputs and SPDIF output
- Fantastic photo and music playback via USBThe USB connector

PHILIPS

LED TV
81 cm (32") HD Ready

Highlights

2 HDMI Inputs

HDMI makes an uncompressed digital RGB connection from the source to the screen for the ultimate picture quality. HDMI uses HDCP copy protection. With 2 HDMI inputs on the back of the TV you can connect multiple HD sources, for instance an HD settop box, a Blu-ray player, and Game Console or Digital Camcorder.

Energy efficient LED

Up to 40% more energy efficient than conventional flat TVs. LED TVs are considered a more sustainable choice, with a longer life and far lower energy consumption than plasmas and conventional LCD TVs. Unlike CCFL backlights, LEDs do not use mercury in their manufacture. That's good news for you today - your children tomorrow.

HD Display 1366*768

HDTV delivers exceptional picture quality and real movie-viewing experience that makes television

more dynamic, truer than anything you've seen before. It features picture quality more than twice that of traditional analog broadcasts.

LED

LED

LED lighting technology is the most advanced available. In this TV it combines an eye-catching minimalistic design with stunning image quality, as well as being the lowest power consumption in its category. Another environmental benefit is that LED lighting technology does not contain hazardous materials. With an LED backlight you can enjoy low power consumption, high brightness, incredible contrast and sharpness and vibrant colours

SRS Tru Surround X T

Delivers immersive, high quality surround sound over your TV's internal speakers thereby creating rich and clear audio experience

USB 2.0 (Photo, MP3, JPEG)

The USB connector allows access to jpeg photos, mp3 music and video files of most USB-sticks (USB memory-class device). Plug the USB into the slot at the side of the TV and access the multimedia content using the easy on screen content browser. You can now view and share your videos, photos and music
