Highlights

Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

Glows in the dark

Use ultra air's glow-in-the-dark button to quickly find your baby's soother without having to switch on the lights.

Smooth teat

Every detail of the ultra air soother is designed to feel light and comfortable, including the smooth teat.

98% teat acceptance*

When we asked mothers how their little ones respond to our textured silicone teats, an average of 98% said that their baby accepts the Philips Avent ultra soft and ultra air soothers.

Easy sterilisation and storage

The ultra air travel case doubles as a steriliser, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.
