- Easy-to-use Hospitality Remote Control
- Modern, stylish design

Advanced hotel features and future proof

- Bluetooth technology
- Glow-in-the-Dark Clock button
- Double-sided remote control with QWERTY keyboard

PHILIPS

Highlights

Bluetooth technology

Forget about aiming at the TV: this remote control works from any corner of the room thanks to Bluetooth Technology. On top of that, it is so energy efficient that battery life is increased by several times, making it the most efficient remote control ever.

2-sided remote control keyboard

This remote control features a QWERTY keyboard on the back

Modern, stylish design

Premium stylish design matching our Philips Android Hospitality range

Glow-in-the-Dark Clock button

Don't know what time it is when you wake up at night? You can find and press the glowing button on the remote control without a problem and display the time on the TV for a few seconds.

Hospitality Remote Control

This stylish remote control is especially designed for hospitality usage. For an easy-to-use experience for the guest, the most important buttons and functions are conveniently placed on the remote. In addition, most Hospitality remote controls come with an anti-theft battery provision, a feature that contributes to efficient hotel operations.

AA Batteries

AA Batteries for super-long use and minimal need for service

Anti-theft for batteries

Batteries can be locked with a screw so they cannot be taken out by the guests.

Low battery detection

A message will appear on screen when the battery is almost empty. Battery can be changed in time by hotel staff. No hassle or irritation for your guests.
