PHILIPS

Porsche Design 4K UHD Quantum Dot LED TV

178 cm (70") Ambilight TV Quantum Dot Color, P5 Premium Picture Engine, DOLBY VISION and DOLBY ATMOS

Highlights

Ambilight 3-sided

With Philips Ambilight every moment feels closer. Intelligent LEDs around the edge of the TV respond to the on-screen action and emit an immersive glow that's simply captivating. Experience it once and wonder how you enjoyed TV without it.

Design for perfection

A collaborative masterpiece between Philips and Porsche Design brings out the best of two design minds. This Philips TV is designed together with Porsche Design which stands for luxurious lifestyle with pure engineered passion driven by innovative mindset. The result, this TV model 70PD9000's unique design has been awarded the prestigious IF and Red Dot design awards this year.

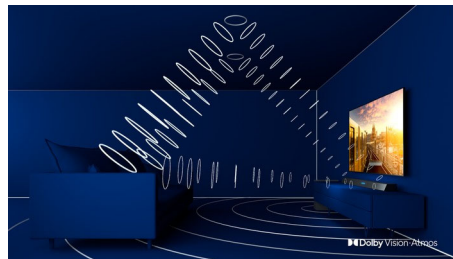

Experience Light

An accentuating feature lights up both Philips and Porsche Design brands when TV is off. The two Philips and Porsche Design brand logos are moved from the screen frame to the bracket so that the frame around the 70" screen looks like it is affixed on a frameless glass, an absolute treat for the eyes from any angle.

Quantum Dot Color

This TV used Quantum Dot Color film that enables the LED panel to bring out the best & most vivid of colors. Now you can see the true to life colors right in front of your eyes on this TV.

Dolby Vision and Dolby Atmos

Support for Dolby's premium sound and video formats means the HDR content you watch will look-and sound-gloriously real. Whether it's the latest streaming series or a Blu-Ray disc set, you'll enjoy contrast, brightness, and color that reflect the director's original intentions. And hear spacious sound with clarity, detail, and depth.

P5 Premium Picture Engine

The Philips P5 Premium Picture Engine delivers an image as brilliant as the content you love. Details have noticeably more depth. Colours are vivid, while skin tones look natural. Contrast is so crisp you'll feel every detail. And motion is so smooth that you'll never lose sight of the ball, no matter how fast the play.

AI voice control

Control your Philips TV with your voice. Want to play a game, watch or find content and apps in the store. Just tell your TV. Without leaving

the sofa. The days of searching for the TV remote are over. Now you can use your voice to control your Philips smart TV via the remote control. Turn your TV on, change the channel, switch to your gaming console and more with an AI voice remote control.

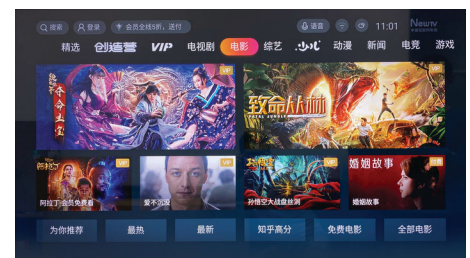

Bluetooth Dual-way Streaming

In Bluetooth Dual-way Streaming mode, TV speaker can play music from your mobile phone/ Tablet & also let you enjoy TV music on your soundbar.

Mimi sound personalization

With Mimi sound personalization, you can now personalize your listening pleasure according to your audio hearing profile. Using the latest innovation from Mimi technology, this TV is able to recognise your individualised personal audio hearing profile and use this audio profile to select and optimises the best audio performances to let you enjoy listening pleasure.

Tencent apps launcher

Now you can access the Tencent apps store and more contents. With integrated Tencent launcher access in your TV makes watching the latest movies and drama series easier, faster and more convenient.
