## Full HD Slim LED TV powered by Android

### With Ambilight 2-sided

More than just good looking: the 6500 series FHD TV with the power of Android. We start with the Perfect Pixel HD engine for brilliant images; then add Ambilight, modern design and real materials to take your experience to the next level.

#### Passionate about Picture Quality

- Perfect Natural Motion for fluid, razor sharp moving images
- Micro Dimming Pro for incredible contrast
- Perfect Pixel HD—our award winning Picture Quality engine

#### With Android, your TV can do it all

- Dual Core processing and Android OS for strong performance
- Android: for a faster, richer, more personal TV experience
- Keyboard remote control makes texting easy
- Spotify Connect — share your favourite music on your TV

#### Beautiful attention to detail

- Modern design complements today's interior
- Angled Central stand is a play on geometry
- Ambilight changes the way you look at TV forever

# PHILIPS

Full HD Slim LED TV powered by Android™  
102 cm (40") Full HD LED TV, Dual Core; 8 GB and expandable, DVB-T/T2/C

40PFT6510/12

# Highlights

## Angled Central stand

We chose a sophisticated high-gloss silver finish as the foundation for our Angled Central stand, and then paired it with an ultra slim angled neck to create a TV design that blends beautifully with any modern interior.

## Modern contemporary design

Designed with a contemporary look to blend with your décor. Because your TV should look as beautiful off as it does on.

## Ambilight 2-sided

You've created a home that's more than just a house, so why not choose a TV that is warm and inviting too? Philips' unique Ambilight technology makes your screen much wider—and your viewing experience more immersive—by emitting an extra wide glow from two-sides of your TV screen onto the surrounding wall. Colour, vibrancy and excitement move beyond the screen and into your living room to bring you a viewing experience beyond the ordinary.

## Perfect natural motion

You love watching movies, but demand the best image possible. Perfect Natural Motion is our award-winning motion enhancement technology that resolves judder, providing you

with the ultimate smooth moving image. Films are recorded at a frame rate of 24 frames per second. PNM quadruples the number of frames to 100 motion changes per second. This resolves judder, so you'll enjoy fluid motion with razor sharpness.

## Micro Dimming Pro

Micro Dimming Pro optimises the contrast on your TV based on the light conditions in your environment. A light sensor and special software analyse the picture in 6400 different zones so you'll enjoy incredible contrast and image quality for a truly lifelike visual experience-day or night.

## Perfect Pixel HD

Building on our award-winning heritage, we've elevated High Definition Picture Quality to a whole new level. Philips Perfect Pixel HD Engine delivers a fluid image that's razor sharp. From richer more vibrant colours with natural skin tones, to deeper blacks and brighter whites, every detail is a feast for your eyes.

## Dual Core + Android

With Android on your TV, you'll navigate, launch apps and play videos in a way that is super fast, super intuitive and super fun. The Android robot liberates the power of our Dual

Core processor to get things done with speed and ease.

## Android

With Android on your Smart TV you'll enjoy a fast processor and user-friendly interface. It's your launch control to endless content: from Google Play™ to Netflix, to an Internet Browser... and so much more. There's an easy-to-navigate menu with direct links to your favourites.

## Spotify Connect

All your favourite music is stored on your phone, but wouldn't you rather hear it on your more powerful TV speakers? With Spotify Connect, you can easily play Spotify on your TV using the Spotify app on your phone as a remote. Just hit the play button and the music will switch to your TV speakers. No wires, no hassle... just sit back and relax.

## Remote Control with Keyboard

Take control. Our totally intuitive remote control has all the usual perks like cursor keys, volume control and shortcut buttons. Flip the remote over to access a full keyboard for easy text entry in any situation.
