- USB auto playback. Music, movies and more
- CMND&Control: effortless maintenance of your TVs
- Be seen. Brand the TV's UI with your logo

Sustainable and safe

- Low power consumption

PHILIPS

Highlights

CMND&Control

CMND&Control allows for remote configuration and installation of your TVs from a central location, without the need to visit any rooms. Update and manage all your displays with minimal effort, all without having to disturb your guests.

Built-in pay-to-view solution

Offer pay-to-view content in any situation - from a complete pay-to-access-all-channels model to selected premium content. MyChoice is an integrated solution that allows viewers to access pay-per-view channels via a code or a card.

UI branding

Your Philips Professional TV offers a clear, easy-to-navigate user interface (UI) that you

can customise with your own branding. Easily add your logo or custom background to the menu to increase the visibility of your brand.

Instant initial USB cloning.

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Mixed channel map

One integrated channel list for digital and analogue channels. This allows the guest to flick seamlessly between Analogue and Digital channels.

USB auto playback.

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

3 year warranty

3 year warranty, extendable to 5 years
