# Air Styler

# 3000 Series

3 attachments

Ionic care

Keratin Ceramic coating

BHA305/03

# Easy hairstyling with ionic care

# with Keratin ceramic brushes

Dry & style at once - the Philips Air Styler 3000 allows you to create beautiful natural styles, whilst providing extra care and shine. The 3 attachments are suitable for both long and short hair, so you can enjoy easy styling.

### Easy to use

• Cool air setting for gentle drying

### Beautifully styled hair

- 800W styling power for salon-like results
- Three flexible heat and speed settings for easy control
- 38 mm ThermoBrush for smooth styles and waves
- 30 mm retractable bristle brush for defined waves
- Narrow concentrator for focused airflow

#### **Care and protect**

- Care setting for better protection while drying and styling
- More Care with ion conditioning for shiny, frizz-free hair
- Protective ceramic coating with Keratin infusion

# Highlights

#### 800W

The Air Styler with 800W airflow for a gentle drying and styling. Achieve salon-like results every day.

#### **Care setting**

The 'Care' setting ensures the optimum drying temperature and guards against overheating. Hair still dries fast, with the same powerful airflow but at a constant, caring temperature.

#### **Cool air setting**

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

#### Three flexible settings

Enjoy the combined three heat and two speed settings which will create the perfect end result. You can choose between a low and high speed setting with 3 corresponding heat settings; Cool, Care and High. The flexible settings ensure a powerful airflow with a caring temperature for a precise and tailored styling.

#### 38 mm ThermoBrush

The ThermoBrush has an extra wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

## Retractable bristle brush

The 30 mm brush with retractable bristles is designed for the easy styling. Turn the tip of the brush and slide it out for defined waves.

#### **Narrow concentrator**

Use the narrow concentrator for the focused airflow for precise styling or touch-ups.

#### **Ionic Care**

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

## **Keratin ceramic coating**

The bristles with keratin-infused ceramic coating glide smoothly through your hair for naturally straight and shiny look.
