- Product weight: 5.1 kg
- Set width (with stand): 726.5 mm
- Set height (with stand): 476.9 mm
- Set depth (with stand): 183.25 mm
- Product weight (+stand): 5.25 kg
- Box width: 798 mm
- Box height: 520 mm
- Box depth: 140 mm
- Weight incl. Packaging: 7.14 kg
- Wall-mount compatible: 100 x 100 mm

# Highlights

## TV stand with the design 341.44 mm

We know you want a small-screen TV that looks as great as its performance. That's why our design team paired an elegant frame of sophisticated white and a gloss finish to create a fresh, modern design that complements any room.

## Digital Crystal Clear

For natural-looking pictures from any source, Philips created Digital Crystal Clear. Whether you're indulging in your favourite programmes, movies or the news, or are simply having a few friends over for a night in, you'll enjoy it all in optimal contrast, colour and sharpness.

## LED TV

With LED backlight you can enjoy low power consumption and beautiful lines combined with high brightness, incredible contrast and vibrant colours.

## Picture Performance Index

Picture Performance Index combines Philips display technology and advanced picture-processing engines to improve the elements of perception: sharpness, motion, contrast and colour. Whatever the source, you'll always enjoy razor-sharp pictures with incredible detail and depth, the deepest blacks, the brightest whites and the most vivid, brilliant colours, as well as natural, lifelike skin tones every time.

## Two HDMI input ports with Easylink

Avoid cable clutter with a single HDMI cable to carry both picture and audio signals from your devices to your TV. HDMI uses uncompressed signals, ensuring the highest quality from source to screen. Together with Philips Easylink, you'll need only one remote control to perform most operations on your TV, DVD, Blu-ray, set top box or home theatre system.
