Air Styler

3000 Series

4 attachments

Ionic care

Ceramic Argan Oil

BHA310/03

Multiple hairstyles with ionic care

Dry & style at once - the Philips Air Styler 3000 allows you to create beautiful natural styles, whilst providing extra shine with Ionic care. The 4 attachments are suitable for both long and short hair, so you can enjoy easy styling.

Easy to use

- Cool air setting for gentle drying

Beautifully styled hair

- 800W styling power for salon-like results
- 30 mm retractable bristle brush for defined waves
- Paddle Straightening Brush for naturally straight looks
- Three flexible heat and speed settings for easy control
- 38 mm ThermoBrush for smooth styles and waves
- Narrow concentrator for focused airflow

Care and protect

- Argan-oil infused brush
- Care setting for better protection while drying and styling
- More Care with ion conditioning for shiny, frizz-free hair

Highlights

800W

The Air Styler with 800W airflow for a gentle drying and styling. Achieve salon-like results every day.

Argan-oil infused brush

The airstyler uses ceramic brushes infused with argan oil to make styling fast and effortless, with a brushing action that feels as silky smooth as your hair looks.

Care setting

The 'Care' setting ensures the optimum drying temperature and guards against overheating. Hair still dries fast, with the same powerful airflow but at a constant, caring temperature.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

Retractable bristle brush

The 30 mm brush with retractable bristles is designed for the easy styling. Turn the tip of the brush and slide it out for defined waves.

Paddle Straightening Brush

With the innovative Paddle Straightening Brush, attached to the handle, you can create beautiful naturally straight looking hair

Three flexible settings

The speed and heat required can be easily adjusted to create the perfect result. Three flexible settings ensure precise and tailored styling.

Cool air setting

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

38 mm ThermoBrush

The ThermoBrush has an extra wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

Narrow concentrator

Use the narrow concentrator for the focused airflow for precise styling or touch-ups.
