Air Styler

3000 Series

3 attachments

Ionic care

Keratin Ceramic coating

BHA305/03

Easy hairstyling with ionic care with Keratin ceramic brushes

Dry & style at once – the Philips Air Styler 3000 allows you to create beautiful natural styles, whilst providing extra care and shine. The 3 attachments are suitable for both long and short hair, so you can enjoy easy styling.

Easy to use

- Cool air setting for gentle drying

Beautifully styled hair

- 800W styling power for salon-like results
- Three flexible heat and speed settings for easy control
- 38 mm ThermoBrush for smooth styles and waves
- 30 mm retractable bristle brush for defined waves
- Narrow concentrator for focused airflow

Care and protect

- Care setting for better protection while drying and styling
- More Care with ion conditioning for shiny, frizz-free hair
- Protective ceramic coating with Keratin infusion

Highlights

Care setting

The 'Care' setting ensures the optimum drying temperature and guards against overheating. Hair still dries fast, with the same powerful airflow but at a constant, caring temperature.

Cool air setting

The Cool air setting uses low heat to gently dry your hair. It works especially well with fine, dry or damaged hair.

800W

The Air Styler with 800W airflow for a gentle drying and styling. Achieve salon-like results every day.

Three flexible settings

Enjoy the combined three heat and two speed settings which will create the perfect end result. You can choose between a low and high speed setting with 3 corresponding heat settings: Cool, Care and High. The flexible settings ensure a powerful airflow with a caring temperature for a precise and tailored styling.

38 mm ThermoBrush

The ThermoBrush has an extra wide diameter of 38 mm. The width of the barrel makes it the perfect styling tool for creating smooth styles and waves.

Retractable bristle brush

The 30 mm brush with retractable bristles is designed for the easy styling. Turn the tip of the brush and slide it out for defined waves.

Narrow concentrator

Use the narrow concentrator for the focused airflow for precise styling or touch-ups.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

Keratin ceramic coating

The bristles with keratin-infused ceramic coating glide smoothly through your hair for naturally straight and shiny look.

Specifications

Technical specifications
