PHILIPS

Highlights

NutriFlavor Technology

Cook every unique ingredient to perfection with NutriFlavor Technology. To help you perfect the way you cook your favorite dishes, Air Steam Cooker uses NutriFlavor Technology to set the optimal combination of time, temperature and humidity. This elevates the natural flavor and texture of your fresh ingredients.

Nutrient preservation

Celebrate the freshness of your favorite foods, while retaining their healthy nutrients. Vegetables keep their color and crunch with up to 90% of vitamin C preserved*. Fish and seafood stay fresh and moist with up to 93% of omega-3 and -6 retained*, meat remains deliciously tender with up to 90% iron retained*.

Homecare+

Simply pair your Air Steam Cooker with the Homecare+ app for a fully connected experience. Discover hundreds of tasty and nutritious recipes that you will be proud to cook up for your family and friends**. Get guidance through every step: the app connects directly with the Air Steam Cooker to help you to prepare and set the correct cooking climate

to ensure the best outcome for your dish. You can even enjoy hands-off cooking with easy monitoring and adjustments directly on the app or control the cooking process with the Voice feature (compatible with Baidu) to make things even easier.

Multiple cooking methods

Make more with just one appliance and add variety to mealtimes every day with Homecare+ cooking methods. Experiment with Air Steam, Bake, Roast, Steam, Air Steam Pro, Stew, Re-Heat and Defrost, all from the app. From crispy and colorful vegetables, to juicy fresh fish & seafood, the most tender meat, nutritious soups and stews, creamy risottos and chef-level desserts.

Modular accessories

Enhance your cooking experience and enable more food variety with the compatible accessories: basket, bottom tray, cooking pot and second layer are all included. Use the second layer in combination with the cooking pot or bottom tray to cook multiple foods in one go for ultimate convenience or double the amount of food you can cook. All accessories can be combined and are stackable for easy storage.

Energy saving

Cooking with Philips Air Cooker 3000 Series is up to 25% faster and you can save up to 65% energy vs. using your oven****

Compact & modern design

With its compact and modern design, the Air Steam Cooker 3000 Series fit seamlessly any kitchen. You can cook up to 4 portions at once, perfect for creating delicious and healthy dishes for your loved ones.

Easy clean

Clean-up is fast and easy. Easy Clean automatic cleaning program uses hot steam to soften greasy food residues, making it easier for you to wipe the cooking chamber with a damp cloth when the program is done. All accessories are removable and dishwasher safe****.
