Dimensions

- Product dimensions (WxDxH): 203x48x20 mm

Highlights

Top surface can be cleaned

The top surface of this Philips Professional Remote Control is flat, making it easy to clean with alcohol. The flat surface is also hygienic: no raised buttons means no crevices for germs to get into.

White design for healthcare

The white design and rounded edges give this remote a clean, friendly appearance-perfect for use in healthcare environments. Essential buttons are color-coded and conveniently placed, ensuring ease of operation.

Lockable battery compartment

The lockable battery compartment is secured with a screw, ensuring batteries can only be removed or changed by staff.

Low-battery detection

When the battery in your Philips Professional Remote Control runs low, a notification appears on the TV screen. Allowing you to change the batteries before service is affected.

Multi-RC settings memory

Keep your settings exactly the same between battery changes. Multi-RC saves your configuration in a permanent storage for effortless maintenance.
