Highlights

Ultra Slim profile

Sleek. Cutting edge. Refined. Precise. The Philips Ultra Slim silhouette. That something so slim can inspire so much interest shouldn't be surprising, given how much sophistication it will bring to your décor.

USB (photos, music, video)

Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

Ambilight 3-sided

With Philips Ambilight, movies and games feel more immersive. Music gets a light show. And your screen will feel bigger than it is. Intelligent LEDs around the edges of the TV cast on-screen colours onto the walls, and into the room, in real time. You get perfectly tuned ambient lighting. And one more reason to love your TV.

AI voice control

Control your Philips TV with your voice. Want to play a game, watch or find content and apps in the store. Just tell your TV. Without leaving the sofa. The days of searching for the TV remote are over. Now you can use your voice to control your Philips smart TV via the remote control. Turn your TV on, change the channel, switch to your gaming console and more with an AI voice remote control.

Micro Dimming Pro

Micro Dimming Pro optimizes the contrast on your TV based on the lighting conditions of your room. Combined with its special software that analyzes the picture in 6400 different zones, you'll enjoy incredible contrast and image quality for a truly lifelike visual experience-day or night.

8K Ultra HD

Philips 8K Ultra HD TV with Super High-Vision technology, see the all the details with four times more pixels, stunning details and exceptionally more sharper than the normal resolution of a 4K TV. It will be an extraordinarily viewing experience. You can see all the details that director intended but with unbelievable life-like depth. It is made for people who are pursuing excellence. Only details, nothing else.
