PHILIPS

Highlights

Integrated Wi-Fi

With integrated Wi-Fi in your Philips TV, you can access a world of content with Smart TV wirelessly at home.

Pixel Plus HD

Pixel Plus HD offers the unique combination of ultimate sharpness, natural detail, vivid colours and smooth natural motion. Artefacts and noise in any sources, from multimedia to standard definition TV, and also in highly compressed HD are detected and reduced, ensuring that the picture is clear and razor-sharp.

400 Hz Perfect Motion Rate

400 Hz Perfect Motion Rate (PMR) creates extreme motion sharpness for clear and vibrant images in fast action movies. The new Philips PMR standard shows the combined visible effect of the fastest panel refresh rate, HD Natural Motion and unique processing formula, for unprecedented motion sharpness.

3 USB (multimedia)

Three USB slots give access to jpeg photos, mp3 music and video files from most USB sticks (USB memory-class device). Plug the USB into one of the slots on your TV and access the multimedia content using the easy on-screen content browser. You can now view and share your videos, photos and music.

Smart TV Plus

A world of content for you. Control, Programme and Record—watch TV however you want to.
Access a broad selection of apps easily. Use online video stores and Catch-up TV to watch your favourite movies. Browse the open Internet or stay connected with your friends via Facebook and Twitter. Also, pause your TV programme easily — simply connect a USB hard disk to your TV and record digital TV broadcasts.

EU Eco Label

The Philips eco-design process aims to create products that are increasingly eco-friendly. Our efforts have been recognised and Philips has been awarded the EU Eco Label (Eco flower) for the majority of its models because of their high energy efficiency, ultra low standby powers (up to 50% less than the required EU Eco Label level), absence of hazardous substances (e.g. lead) and design for easier recycling.

Philips MyRemote App

The Philips MyRemote App is a smart app to organise your TV viewing experience around you.
Enjoy a great variety of possibilities: browse through the Programme Guide on your tablet whilst watching TV. Additional features like easy text entry, volume and programme control as well as pushing pictures, videos or music to your TV really turn your smart devices into smart remote controls. Download the MyRemote App now from the iTunes App Store or Android Market.

Specifications

Picture/Display
- Display: LED Full HD
- Diagonal screen size: 32 inch / 81 cm
- Panel resolution: 1920 x 1080p
- Aspect ratio: 16:9
- Brightness: 400 cd/m²
