Highlights

DLNA compatible-HomeNetworking

Upload or select files via the USB port or even establish a home network with other DLNA compatible devices so you can access media files from a PC or Media Server around the home.

Easy to set up, easy to enjoy

Connection to the TV and aerial is easy. Setup is simple, it takes just a few minutes.

Freeview+ HD subscription free

Freeview+ HD not only delivers a great choice of TV but there are 25 radio stations to listen to and all this without a contract or monthly subscription fees.

Multimedia Player

With this state-of-the-art set-top box, you can enjoy not only TV, but also your favourite media content. Thanks to the built-in media player, you can take pleasure in viewing your photos or videos or listening to your music through your TV.

Four top HD channels among 50

The HD channels look fantastic: whether it is sport, movies or nature programmes, the picture quality will certainly enhance your enjoyment. There's always something to watch, select from up to 50 channels to optimise your TV experience.

Personalised recording library

Storing your recorded programmes is simple. Personalised folders allow each member of the family to have their own folder, making it quick to find and ensuring nothing is deleted by mistake.

Record an entire series

Recording is very easy. Select the programme from the programme guide and one-touch recording does the rest. You can record the programme as a one-off or select Series Link to record every episode. Never miss part of your favourite series, drama or soap opera.

Double recording

The set-top box is smart enough to record two programmes at the same time while watching live or recorded TV. You can also enjoy live programmes and record your preferred TV shows.

Superb HD picture quality

Take pleasure in watching high definition content that delivers a resolution five times sharper than a standard definition broadcast. Thanks to crisper pictures and superior colour resolution, the details will bring your favourite TV shows to life.

TV on Demand and Catch Up TV

There's more than just TV in this clever box: TV on Demand and Catch-Up TV services from BBC iPlayer mean that there is even more content to keep you entertained.
